

creativity

LAHC Conference  
São Paulo, 6th – 8th April 2017

# Registration Now Open

What is creativity? Is it the gift of just a few? Or can we all develop our creative side? Why is creativity important in our schools? And how can we give it the time and space that it deserves? At the LAHC Conference 2017, keynote speakers Ollie Turner (cast member of the hit London West End show STOMP), Carl Honoré (world-renowned author and journalist) and actor Ben Walden will be providing plenty of food for thought, while challenging many standard educational paradigms.
